Communists Are Decisively Beaten In Italy

Communist Bid To Seize Power In Italy Fails

Communists Defeated In Italian Elections By Two-To-One Advantage

EIGHTEEN MILLION VOTES ARE CAST

(BULLETIN)
ROME, April 20.—(INS)—Millions of Italian people, firmly on record in repudiation of Communist rule, staged enthusiastic and orderly demonstrations today to celebrate a two-to-one Christian democratic victory in the national elections.

By MICHAEL CHINIGO
(I. N. S. Staff Correspondent)

ROME, April 20.—A Communist bid to seize power in Italy through the ballot box failed completely today when late returns gave the Christian democrats and their allies a decisive two-to-one advantage.

Of the 18 million votes cast throughout the country for a new senate, the Christian Democrats won 8 million 200 thousand.

The Communist-dominated popular front had polled 5 million 300 thousand votes and the Socialist unit group 1 million 900 thousand.

Two To One Lead
The two-to-one Christian Democratic lead was reflected in virtually all parts of the country.

Only persons over 25 years of age were eligible to vote for senators.

In the election of the chamber of deputies, for which all persons over 21 could vote, the ratio appeared to be almost identical.

Shortly after noon, Milan had counted 186,925 Christian Democratic votes as against 114,186 for the Popular Front.

The Communists were unable to make any inroads on the winning margins already established by the Christian Democrats and other anti-Communist groups in ballot.

Blossoms on cherry and other fruit trees are reaching their full and the countryside presents a development at the present time, notable picture.

Pa Newc notes that the thermometer sign erected on the public square for the Red Cross campaign has been removed. The park is now revealed in all of its spring beauty.

Improvements at the Almira Home on East Washington street also are under way at the present time. Workmen are repairing the front porch and putting a new railing about it for the safety of the aged residents of the home.

One of Pa Newc's scouts comes in with a report that early Monday evening seemed to be generally cleared upon as lawn mowing night. In a short space of time he counted 31 persons at work in a section of the city mowing lawns, and then gave up the count.

One week from today is primary election day in Pennsylvania. Due to the scarcity of contests on the schedule for voters in Lawrence County, there is grave danger that an exceedingly light vote will be cast. So far, little interest has been generated in the primaries.

The large building on the northwest corner of East Washington street at Mill street is receiving that "new look" which Pa Newc

Apathetic Primary Election Campaign In State Nears End

By JOHN PAGET
(I. N. S. Staff Correspondent)

HARRISBURG, April 20.—An apathetic primary election campaign is near an end today but there are signs that balloting on April 27 may give some hint of political trends in Pennsylvania.

In the only state-wide contests, the Republican and Democratic organization-endorsed candidates for auditor general and state treasurer are unopposed; their nominations will be a matter only of a rubber-stamp vote for nothing indicated write-in ballots for opposing candidates.

Name Congress Candidates
Voters also will nominate candidates for 33 seats in congress, 208 members of the state house of representatives and 25 state senators.

In addition, Republicans and

Democrats will choose members of the respective state committees and elect delegates to the nominating conventions at Philadelphia this summer.

Vacancies caused by death or resignation will not be filled until the general election November 2.

Preferential balloting for president in the primary, which does not bind delegates in the state and is merely an expression of choice, will give some hint of what voters want in the way of a candidate for the White House.

No Depression Signs; No Shooting War Near; Newspapermen's Views

By JAMES L. KILGALLIN
(International News Service Staff Correspondent)

NEW YORK, April 20.—More than 1,000 representatives of the nation's newspaper industry met in New York today for the 62nd annual conference of the American Newspaper Publishers' Association.

The list of publishers and editors is itself a testimonial to American freedom of expression. Small town papers and large state-wide dailies—encompassing a wide range of political opinions—are represented.

Sum Up By Editors
A spot check of editors and publishers disclosed that the men who handle the nation's newspapers have reached three general conclusions:

"Business is excellent and there is no indication of a depression.

The 1948 presidential race is "wide open."

A highlight of the publishers' opinions on international affairs was the following statement by Roy Roberts, publisher of the Kansas City (Mo.) Star:

"The people are leary about all this hysteria and one crisis after another but at the same time they want the United States to be ready for anything that may happen."

A highlight of today's program will be the International News Service and King Feature Syndicate Banquet luncheon. INS Columnist Arthur "Bugs" Baer will be master of ceremonies.

British Publisher Heard
The keynote for the meeting was set yesterday by British Publisher Lord Rothermer, who told the Associated Press luncheon:

"The first freedom to be seized by any dictatorship is freedom of the press. Every tyrant loathes it because he fears it. He fears it because it is the rallying point of liberty. He does not tolerate it and therefore he seeks to kill it."

The British publisher also warned that a movement for western European neutrality—particularly in Britain—may undermine American safety.

College Fraternity Pledges Are Given 'Hell Week' Rules

NEW WILMINGTON, April 20.—Pledges to Sigma Phi Epsilon fraternity at Westminster college, heard the rules for "hell week," an event held before formal initiation, at a meeting Monday night and their expectations of severe rules were fulfilled.

Upper-classmen felt they were justified in making it rough. They were still embarrassed by an episode of several days ago when the "Frosh" rebelled and in a several hour spree "dunked" more than 30 upper-classmen in the creek below the gym.

There will be tasks galore for the freshmen, no dating and extended trips.

Sigma Nu freshmen completed their "hell week" over the weekend. One quartet of students was sent to Greenwich Village, New York, while another pair had to secure autographs of all Pittsburgh Pirate and Detroit Tiger players at Pittsburgh.

Governor Green Is G.O.P. Choice For Keynote

House Speaker Martin To Be Permanent Chairman Of June Convention

By WILLIAM THEIS
(I. N. S. Staff Correspondent)

PHILADELPHIA, April 20.—GOP convention chiefs will back a gubernatorial precedent today in picking Gov. Dwight H. Green of Illinois as their "harmony" choice for keynote speaker at the June presidential convention.

Lieutenants of the major presidential candidates, anxious to avoid an extended wrangle, agreed upon Green as keynote and House Speaker Joseph W. Martin, Jr., of Massachusetts as convention permanent chairman. Their compromise choice was approved unanimously by the 32-member convention arrangements committee.

Reach Agreement
Campaign strategists for Gov. Thomas E. Dewey of New York and Sen. Robert A. Taft of Ohio settled upon Green after it became apparent the Dewey camp regarded Sen. Eugene D. Millikin (R) Col. as too "pro-Taft."

The convention leaders also made certain that there was no objection to Green by Harold E. Stassen, whose primary victories in Wisconsin and Nebraska have made him a real challenger for the White House nomination.

Roy Dunn, national committee-man from Stassen's home state of Minnesota, contacted Stassen and was assured the ex-governor had "no preference" on the keynote. Dunn was one of the four candidate advocates who seconded Green's nomination.

Their major work done, the arrangements group headed by Walter S. Hallinan of West Virginia called another meeting today to clean up remaining business, including the selection of secondary convention officials.

Italy's Election Result Pleasing To Pope Pius XII

By KINGSBURY SMITH
(Vatican City, April 20.—(INS)—Pope Pius XII was elated today over the defeat handed Communist factions in Italy's national elections.

A small group of Americans privileged to see the Pontiff in a private audience noted his supreme gratification that Democratic forces had won victory.

The Pope made an important statement to those whom he received, expressing his views on the significance of the election results.

The statement which was made extemporaneously will be made public in written form within the next 48 hours.

Meantime the nature of his statement cannot be disclosed.

When it is made public, the statement will be intended for the American people as a whole.

This correspondent was a member of the small group which was received by arrangement of Myron C. Taylor, special envoy of President Truman. Taylor personally introduced 17 of the Americans in the party.

NEW YORK, April 20.—(INS)—Bandleader Artie Shaw and Kathleen Winsor, author of "Forever Amber," have parted and she will seek a divorce.

"They remain on the best of terms, but regretfully concluded, after a trial separation, that their marriage cannot be continued successfully. She therefore will seek a divorce."

The couple was married in Juarez, Mexico, 18 months ago. Miss Winsor previously was married to Robert Herwig, former University of California football star.

Shaw's former mates were a New York nurse, Lana Turner, Betty Kern and Ava Gardner.

Court Imposes Fine Of \$20,000 On Lewis; \$1,400,000 On Miners

By PHILLIPS J. PECK
I.N.S. Staff Correspondent

WASHINGTON, April 20.—John L. Lewis and the United Mine Workers were fined a total of \$1,420,000 today for criminal contempt of court in ignoring an injunction against the recent 29-day soft coal strike.

Judge T. Alan Goldsborough declared in pronouncing sentence that if he had used his own judgment as an individual he would have sent Lewis to prison.

The threat of a prison term for Lewis was not entirely eliminated.

Assistant Attorney General H. Graham Morison pointed out that if the court chooses Lewis can be jailed on the civil contempt conviction if the miners launch a protest strike.

Morison made it clear that for this reason the government asked the court to defer pronouncement of penalty on the civil contempt conviction until Friday.

Can Still Impose Jail Sentence
The Justice Department official told reporters that if the court sees fit he can, under the civil contempt conviction, "simply put the defendant in jail and tell him to stay there until he does what he has been ordered to do"—that is, send the miners back to work.

The judge followed the recommendations of the justice department, which asked that Lewis and the union be fined twice the penalties assessed against them in the 1946 coal strike contempt case.

Lewis personally was fined \$20,000 and the union \$1,400,000 as a result of the 1946 contempt conviction.

As the sentence was handed down a new wave of paralyzing walkouts took shape in the nation's coal fields. Thousands of angry miners left their jobs and sullen protest against the conviction of their leader and their union.

Defer One Sentence
The government asked that Goldsborough defer until Friday the sentence for civil contempt, and the judge took the request under advisement.

Welly K. Hopkins, chief defense counsel, gave formal notice that the case will be appealed to higher courts.

The supreme court upheld the contempt finding in 1946 but reduced the fine against the union in that case from \$3,500,000 to \$700,000.

Lewis was invited to make a statement in his own behalf, but refused. The burly, 68-year-old UMW president stared grimly, without trace of emotion, as the sentence was pronounced.

The court asked if Lewis cared to make some representation as to his financial status.

Lewis Makes No Statement
The union leader shook his head to indicate he had nothing to say. This was in contrast to his dramatic outburst in 1946 when he angrily refused to seek the court's mercy.

Goldsborough, in accepting the government recommendation, said: "The court feels that it should adopt the recommendations made by the government unless they are of such character as to shock the conscience of the court."

The court could give what it thinks are cogent reasons why the court's conscience is not shocked by the suggestions made by the government.

Involves Nation's Welfare
Goldsborough pointed out that the coal strike "involved the welfare and health and safety and orderly way of life of 143 million people as well as the national prestige among foreign countries which must be sustained in view of the present international situation."

He emphasized: "If this court was to use its individual judgment it would impose a prison sentence on the individual defendant."

Hopkins moved that execution of judgment be suspended pending appeal.

The judge asked what arrangements the defendant would suggest for complying with the sentence. Hopkins replied:

"The defendants are prepared to make bond in the amount of one million 40 thousand dollars and 20,000 respectively."

He said this could be done "probably this afternoon or tomorrow morning."

Former Fines Doubled
In recommending that the former fines be doubled, Assistant Attorney General H. Graham Morison told the court:

"It is the government's view that double the amount of penalty imposed in the previous case is both necessary and appropriate."

Morison declared that Lewis and (Continued on Page Two)

Film Writer Is Convicted

Jury Finds John Howard Lawson Guilty Of Contempt Of Congress

WASHINGTON, April 20.—(INS)—Lawyers for film writer John Howard Lawson plan today to demand a new trial for their client, who was convicted Monday of contempt of Congress.

A jury of eight women and four men found Lawson guilty of refusing to answer this question posed to him by the House Un-American Activities Committee last fall:

"Are you or have you ever been a member of the Communist party?"

They deliberated for two hours and 15 minutes before reaching the verdict which makes the 53-year-old writer liable to a sentence of one year in jail and a \$10,000 fine.

Judge Curran postponed sentencing to a later date, probably not until after the new trial motion is acted upon. Meanwhile, Lawson will remain free on \$10,000 bail.

In arriving at the "guilty as charged" verdict the jury rejected Lawson's claim that he was trying to answer the question on Communism when ordered from the witness stand.

Arab Report Jewish Planes Bomb Village

JERUSALEM, April 20.—(INS)—Arab informants said today that Jewish planes have bombed the village of Shamaliya in Central Palestine.

Shamaliya is northeast of Nabulus, one of the towns where the "Arab liberation army" is reported concentrated.

Arab sources also said that their guerrilla chieftain, Fawzi Elkawukli, has arrived in Amman, for talks with King Abdullah of Trans-Jordan.

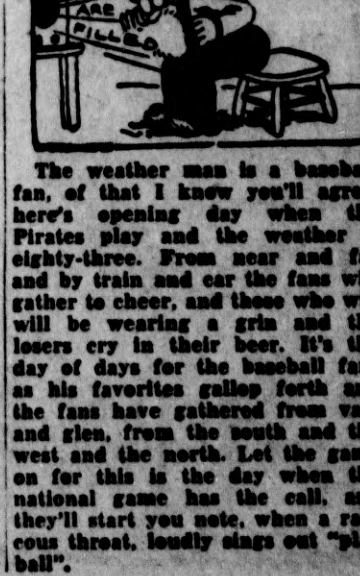

Abdullah, whose Arab legion is the best-equipped army in the Middle East, recently indicated he might cast his lot with the Arabs who are determined to fight the Jews in Palestine. Previous indications were that the Transjordan ruled would remain neutral.

the union had "failed to take any action to comply with a court order requiring an immediate end to the 1948 coal mine strike."

He asserted the defendants took this position "although it is apparent that it was readily within their power" to end the walkout as directed by the federal court. The assistant attorney general added:

"Without going into the merits of the 1946 case it should be remembered that these defendants in 1946 committed a contempt of court under substantially similar circumstances."

Morison charged that Lewis and the union "chose to set themselves above the procedures of law and to disregard entirely a law of the United States."

COMMUNIST BID TO SEIZE POWER IN ITALY FAILS

(Continued from Page One)

ing for senate seats as first returns on the chamber of deputies were received.

Two Million Lead
A comprehensive 11 million senate votes showed that the Christian Democrats have amassed a two million vote advantage over the Communist-led Popular Front.

In the first two million ballots tabulated in the race for the national assembly the Christian Democrats are leading the Communist party by 250,000 votes.

The ministry of interior reports that the Christian Democrats are ahead in the chamber tabulations throughout Italy.

The stock market reacted immediately to the victory with stocks rising an average of 15 per cent.

Admit Victory
The left-wing Socialist newspaper Avanti was forced to acknowledge that the people's choice is with the Christian Democrats.

The independent Il Tempo predicted that Palmiro Togliatti will lose leadership of the Communist party in Italy because of the defeat suffered by his forces.

Some post-election disturbances were reported as the tallying continued but they were of a minor nature.

At Bologna Communists hurled a bomb against a store owned by a Christian Democrat. No one was hurt.

In the nearby town of Zecca two Communists were arrested on charges of attempted sabotage of telephone communications.

Togliatti's Position Untenable
While Togliatti's position was reported becoming untenable, the Christian Democrat victory was also said to have caused a crisis within Pietro Nenni's left-wing Socialist party.

Part of the leftist Socialist executive committee openly accused Nenni of having made a "master blunder."

A large group, headed by former Interior Minister Giuseppe Romita, now is expected to join the ranks of right-wing Giuseppe Saragat and thus further reduce the strength of the Popular Front.

Partial tabulation of returns for the national assembly gave the Democratic Christians and other non-Communist parties a nationwide lead.

Win In Rome
The Christian Democrats swept all eight senatorial posts in Rome. Returns from 1,000 out of 1,437 districts in the city in the assembly balloting gave the Christian Democrats a lead of better than two to one. The tally showed 325,662 for the Christian Democrats as against 158,365 for the Communist factions.

The decision of Italians to revoke Communism was re-emphasized hourly as further ballots were counted.

The trend of voting for deputies became evident after the anti-Communists consolidated a better than two to one victory in the senate. Expectations are that an even heavier sentiment in favor of the Christian Democrats, leading anti-Communist group, will be expressed by the Italian people when all the ballots are counted in the assembly race.

Complete returns in balloting for senate seats in the Friuli and Venezia Giulia regions showed the Christian Democrats to be three to one victors over the Communist-led Popular Front.

Oxygen is the commonest of the earth's elements. The surface rocks are about 50 per cent oxygen by weight. Clay, sand, limestone, granite and all other common rocks are half, or more, oxygen. Water in the ocean is eight-ninths oxygen and the atmosphere is about one-fifth oxygen.

Point Up GOP Trends
County fights in Dauphin, Lackawanna and Delaware will point up GOP trends.

At Harrisburg, GOP state chairman M. Harvey Taylor is campaigning for renomination to the state senate for a third term in Dauphin county but is opposed by an old friend and follower, Walter Mumma, wealthy Harrisburg contractor.

Mumma is campaigning on a "fighting five" ticket which embraces four anti-Taylor candidates for the state house.

A defeat for Taylor, which his lieutenants say is impossible, would go hard for Republicans looking forward to a rough-and-tumble campaign and of electing their first president since 1928.

Republicans will rubber-stamp welfare secretary Charles R. Barber of Erie for state treasurer.

On the Democratic side in the primary, leaders have proposed state treasurer Ramsey Black of Harrisburg for auditor general, and W. J. Lane of West Brownsville for treasurer.

Seven Slates In Fall
In the fall, voters will be confronted with candidates for office on seven slates including Wallace's Progressive party, the most aggressive among independents as far as pledged support goes.

Republicans and Democrats will nominate for the presidential standard-bearers and vice presidents this summer while candidates for fiscal office will round out their statewide slates.

The independents with slates in the general election will be: Socialist Party—President, Maynard C. Krueger of Chicago; vice president, Dale H. Learn of East Stroudsburg; auditor general, Charles Palmer of Erie; state treasurer, Albert J. Crispell of Noyes.

Industrial Government Party—President, Arla L. Albright, of Massillon, O.; vice president, Fred Mauman of Bridgeville; auditor general, Frank Knotek, McKean state treasurer, Thomas Grady, of Philadelphia.

Militant Workers Party—President, Henry A. Wallace, of New Salem, N. Y.; vice president, Glen Taylor, of Pocatello, Idaho (no others).

Bogota Conference Is In Recess Today

Tribute Is Given To Colombian Liberal Leader Who Was Recently Assassinated

BOGOTA, April 20.—(INS)—The Inter-American Conference recesses today in tribute to Jorge Eliecer Gaitan, the Colombian Liberal leader whose assassination touched off the bloody revolt 11 days ago.

Gaitan will be buried this morning at his suburban home which eventually will become a national shrine. Liberal leaders have arranged for a giant procession to pass through Bogota, along the very streets where the rioting took place.

The Colombian government, fearful of a renewal of the fighting which almost broke up the conference—is taking elaborate precautions to keep the peace.

Although the city has the outward appearance of being calm, there are reports of growing anti-foreign and anti-United States sentiments.

the committee prepared to open hearings behind closed doors to determine how much actually shall be appropriated for the program. First witnesses called were Paul Hoffman, head of the new Economic Cooperation Administration, and Acting Secretary of State Lovett.

The estimates furnished by the ECA revealed that from April 1, 1948 through March 31, 1949 the three nations are slated to receive the following American aid: Great Britain, \$1,324,300,000; France, \$1,130,800,000 and western Germany \$549,400,000.

Big Aid To Germany
The ECA pointed out that the occupied Germany areas also will

receive in American aid approximately 658 million dollars during the coming year in funds administered by the army. This brings the 12-month total for western Germany to one billion 207 million dollars.

Thus, the western areas of Germany, a defeated enemy, would receive more than France, a victorious ally.

Most of the aid provided the 17 nations will be in commodities, including food, tobacco, cotton, fertilizer, agricultural machinery, coal and coal mining machinery, petroleum products, timber, steel, pig and scrap iron, trucks, freight cars, electrical equipment, copper, tin, lead, zinc, aluminum, wood, newsprint, rubber, fish, chemicals, etc.

FAITH

ANOTHER BURDEN

On top of all the taxes and regulations that this country now has, there has been a new one turned up. This tax has to do with those who have accidents, sickness and troubles.

The idea of a Country like United States placing the ambulances on a P.U.C. basis, causing every man keeping an ambulance (which nine out of ten of them are kept only for the benefit of those who need them, not to make any money out of) to be limited to where they go and what they do, in trying to serve the public to the best of their ability.

This Law may be alright for trucks and taxis, but the public in general should rise up and demand from our Representatives, that it not be enforced, when it comes to taking care of serious illness and serious accidents.

Society and CLUBS

WOMAN'S CLUB TOPIC FASHIONS IN FABRIC

At the April meeting of Woman's club Monday afternoon in Highland U. P. church, members heard a talk on "Modern Fabrics For You and Your Home" by Miss Marie Lefebvre, of the consumer relations department of the Celanese Corporation of America.

Miss Lefebvre traced the development of modern synthetic fabrics with emphasis upon their identification, care and serviceability and her talk was illustrated by a colorful display of Celanese fabrics which featured a new group of drapery fabrics of the Celanese fabric group. These fabric weaves of dimensional stability have two special features, the speaker pointed out. They absorb sound and diffuse light in a room.

The speaker demonstrated the many uses to which cellulose acetate plastics and fabrics are put with her own very effective costume, a smartly styled ensemble of gown, hat, and costume jewelry, all celanese products.

The sheer Chifonese curtain fabric, Clairanese, a taffeta, Alluracel crepe prints, and Jersanese were among the fabrics she displayed as practical for home sewing and home decoration. She also gave careful explanation of the care of the fabrics. And following the talk members of the club had the opportunity of examining the materials and asking questions.

Miss Lefebvre was introduced by Mrs. R. M. Patterson, of the program committee.

To open the program, Miss Lucile Paisley sang a group of three delightful solos, "If God Left Only You" by Densmore, "Lady Moon" by Edwards and the Lord's Prayer. She was accompanied at the piano by Mrs. S. Glenn McCracken.

During the business meeting, with Mrs. J. Edward Everett presiding, election of members added 19 new members to the club roll.

On behalf of the ways and means committee, Mrs. Earl Ruby, chairman, thanked members for their good response to the current year's project.

Hostesses for the afternoon were Mrs. Thomas L. Paden, Mrs. Nelson English, Mrs. Kenneth Cotton and Mrs. Ralph Newingham.

Next meeting will be May 10 in Highland U. P. church auditorium when Dr. Eugene C. Beach will give a book review. There will be installation of officers and tea will be served following the program.

Election of officers for the coming year resulted as follows: president, Mrs. Rachel Taylor; vice president, Miss Virginia Pierson; secretary-treasurer, Mrs. Roy Williams; corresponding secretary, Miss Ruth Wallace.

Next meeting will be May 17 in the home of Mrs. Howard Fox, East Brook, with Mrs. George Hellyer, Miss Mary Galbreath, Mrs. Gerald Nord and Miss Thelma Howell as co-hostesses.

There will be a tureen dinner with program to follow.

Mrs. Paul Smith, accompanied by Mrs. Glover, offered a vocal selection.

The bride, given in marriage by her father, wore a wedding gown of white satin trimmed with panel insets of lace down the fronts and in back the length of the train, at the neckline there was a marquise yoke and the sleeves tapered to a point at the wrist. Her veil fell from a crown headdress trimmed with silver beads and she carried a white Bible with a marker of white orchids. Her only jewelry was a double strand of pearls, gift of the bridegroom.

Miss Doris Evans, of Pittsburgh, maid of honor, wore a gown of pale pink taffeta with a matching headdress and she carried a colonial bouquet of mixed spring flowers. Bridesmaids the Misses Phyllis Dean, Lucille Costa and Donald Fullwood, wore gowns alike of aqua taffeta with matching headdresses and carried colonial bouquets of spring flowers.

Miss Julia Currie sang "Because" at Dawning and "I Love You Truly" accompanied by Miss Ruth Weir.

Following the ceremony, there was a reception in the Janovich hall where refreshments were served and there was music played by Frank Natale, on the accordion, and William West at the electric guitar.

Dispensing with a wedding trip for the present, the newlyweds have taken up residence in their newly furnished apartment at 1026 Dewey avenue.

Forsey and Mrs. Jane West, as aides. Tables were appointed in spring motif, with bowls of spring flowers and lighted candles gracing the tables.

At 2 o'clock, 75 guests were served dinner at a suburban dining room. Hosts were Pat Leone, brother of the bride, and John Leone of Niagara Falls, N. Y. At 7:30, the Ecclesian club was opened to 500 guests for dancing, with music furnished by a local orchestra.

Cigarette Lighter Saves Bus Driver From Highway Death

Hit-Run Victim Flicks Lighter As
He Lays Injured On
Highway

BUFFALO, N. Y., April 20.—(INS)—The flickering light of a cigarette lighter early today saved a victim of a hit-run motorist from possible death at the wheels of another machine.

Donald Hammer, 32-year-old bus driver of Warren, Pa., was piloting his vehicle to Warren from Buffalo when it developed motor trouble. He went to a nearby filling station to telephone for aid and was struck on his trip back to his bus and waiting passengers.

Unable to move, Hammer watched helplessly as cars passed him. He managed to extract the lighter from his pocket, flicked it for a few minutes and finally attracted a driver to stop.

He was removed to a hospital suffering from serious back and arm injuries.

Good Taste

By FRANCES MARKEE

TOO PRECISE SPEECH

"Recently you devoted a column to slovenly diction and too much slang. I have a friend who is too precise. She says 'I do not wish to go.' Last night as I was about to retire, 'Is one allowed to park one's car there,' etc., etc. This, to me, is more annoying than the diction of the person who makes a few mistakes and uses slang. Do you agree with me?"

Answer: This brings to mind a quotation from Anatole France: "It irritates me when one speaks precisely in private conversation. That must be left to lecturers. A discourse, if you will, is a picture—a painting composed and finished. A conversation is a succession of simple sketches. My tastes in conversation are the same as my tastes in sketching. I demand of a sketch that it be free, rapid, incisive, sharp and forceful. Conversation becomes delightful to me only when it causes to pass before my eyes a series of simple sketches."

While we must, to give the impression of culture and education, speak correctly, we should avoid the other extreme of using too stilted or too formal speech, such as your friend uses.

We do not "partake" of food—we eat it. We do not "reside" in an "elegant" residence—we live in an attractive house.

Using an elaborate or precise word of expression in place of a simple one indicates the cultural limitations and affectations of a parvenu.

Question: Please tell me if it is permissible for a man to wear his wedding ring on the right hand.

Answer: It should be, in this country at least, worn on the third finger of the left hand, as is a woman's.

Swimming Classes Aimed To Reduce Drowning Toll

How often during the summer months is a community shocked to read of a drowning? Often, the victims are children, and very often grown-ups.

Water accidents reap a heavy toll of human life each summer, despite the diligence of parents and warnings given swimmers.

It is the aim of the American Red Cross, through its planned instruction classes, to reduce these accidents and save lives. As in past years, the New Castle chapter is supervising these classes, not only to teach persons to swim, but to train certified life guards to staff the creeks and pools where swimmers congregate during the hot months.

SHARON, April 20.—Rev. E. C. Rowand, pastor of the Central Christian church of Sharon, has tendered his resignation to the congregation and will preach his final sermon next Sunday, April 25. The resignation is effective as of next May 1.

The congregations of the Central Christian church and East Side Baptist church have been worshipping together for the past ten months in unified services. The decision was made Sunday that the union should dissolve as of Sunday April 25 with each congregation to worship in its own building. It had been hoped that the two churches would merge at some future date.

Large Details Of Police Guard Stock Yard Areas

CHICAGO, April 20.—(INS)—Large police details rode the elevated trains bound for the Chicago stock yards today to prevent possible violence in a back-to-work movement at the strike-bound Armour meat packing plant.

The Armour plant along with other members of the "Big Four" packers Swift, Cudahy and Wilson, have been strike-bound since March 16 in a nation-wide walkout of the CIO United Packinghouse Workers who produce about half of the country's meat supply. The workers are seeking a wage increase of 29 cents an hour.

The back-to-work movement was started by Armour officials yesterday in its 21 struck plants throughout the nation.

In Chicago the move resulted in scattered violence, and at least 23 men were arrested. Police increased their force at the stock yards to 2,000 men as the picket lines rose to 3,000.

Conflicting statements were given on the results of the back-to-work movement at the Armour plant. An Armour spokesman said: "The response was satisfactory." Union officials declared the back-to-work movement "has been a complete failure."

**Commissioners To Evict
Tenants In Early Prop-
erty Which Has Been
Condemned**

OTHER EVENTS IN COURT HOUSE

By resolution passed Monday morning the county commissioners will serve evictions upon the persons now living in the old Early property east of the court house. The property was condemned a year ago and the county has been getting little or no rent out of the property. The people living there have stayed on and in order to save the county from any possible damage actions, the commissioners decided upon the eviction notice. No definite decision has been made as yet as to what will be done with the house, a large one.

CONSIDER WAGE TAX

DONORA, Pa., April 20.—(INS)—The Donora school board today is considering a tax on wages and incomes to meet an increased 1948-49 budget.

A temporary budget calls for increases in expenditures of \$69,000 over the current year, of which increases in salaries will require about \$47,000.

The Donora board is contemplating a tax of three-fourths of one per cent to become effective July 1, Sunday evening.

Probe Into Death Of Three-Year-Old At Wilmington, Del.

WILMINGTON, Del., April 20.—(INS)—State police chemists today analyzed medicine reportedly given to three-year-old Betty Cardenti a few hours before she became violently ill and had to be rushed to a Wilmington hospital where she died.

Meanwhile physicians at the hospital said the victim's sister, Thelma, five, who also was reported to have taken the medicine, was critically ill and near death. A third sister, who police said also received a dose, was less seriously ill and confined to home.

State Police Captain Carl Schnetter said exact cause of Betty's death would not be determined by an autopsy, and the child's vital organs were turned over to the state board of health for analysis. He reported the Cardenti children had been stricken with an illness determined to be from tape worms. Schnetter said a physician, whose name was not disclosed, telephoned a prescription which the parents had filled at a local drug store.

Suggest Movies To Attract Older People In Country

PHILADELPHIA, April 20.—(INS)—J. Arthur Rank, Britain's most publicized film producer, thinks it would be a good idea to make movies to attract older people into theatres.

The celebrated producer of class movies was in Philadelphia as part of his third U. S. tour to cement relations with American moviegoers.

Rank quoted from a Columbia university survey which he said indicated that a high percentage of American adults beyond 35 did not attend movies regularly.

"I am sure that the older age groups can be brought into the movie houses if we give them the adult kind of pictures they will appreciate," Rank said.

"In England we went about attracting these people to our films. I think the same thing can be done here—although I am not suggesting how to run your theatres."

The producer of "Henry V," "Hamlet," and the academy award winning "Great Expectations" thinks a lot should be done to improve movies aimed at children.

"In England we've established children's clubs in most of our theatres. They attend from 9 a. m. to noon."

"The films are specially produced for children. There are educational shorts and cartoons and we have made 164 film stories such as 'Bush Christmas,' the Australian picture."

The 60-year-old producer who looks 40, plans to return to England later this month. There he'll try to improve two things—movies and his golf score.

Trucks, Drivers Division Planned By State Guard

Trucking Division Will Be Inaugurated, Three Regiments To Be Needed

HARRISBURG, April 20.—(INS)—Plans for recruiting a reserve force of trucks and drivers of division strength were announced at Harrisburg today by Col. Ross Warren of Washington, chief of the army's transportation service.

At least 108 officers with reserve status will be needed.

Warren said plans called for the army to build around commercial units the military equivalent of a trucking division.

Trained Operators

The outfit will provide a "nucleus of thoroughly trained operators" for a time of emergency, he added.

A force of 6000 officers and men will be needed to meet the army's need, according to Warren.

Three regiments of trucks will be located at Pittsburgh, Harrisburg and Philadelphia.

In event of war, he explained, the early stages would be chaotic and the proposed trucking division could swing into operation and fulfill pre-assigned tasks in the absence of formal orders.

Training would follow National Guard routine with one day set aside each month. There were no plans for a summer encampment.

The army will sign affiliation agreement with commercial firms and command officers will be drawn from among experienced operators, Warren explained.

The trucking division will not supply transportation units in the National Guard or regular army. It was emphasized.

The recruiting plan will be sponsored by the Pennsylvania Motor Truck Association and will be opened to all truckers in the state.

H. B. Richards Talks To Rotary About Hobbies

Former Superintendent Of Water Company Explains How To Make A Violin

In an interesting talk to the Rotary club Monday noon, Howard B. Richards, former superintendent of the City of New Castle Water company, talked about hobbies, and the great satisfaction that comes to those who have a hobby, but more particularly about the art of making violins, in which hobby he is most interested.

He stated that in spite of the fact that violins have been made over a long period of years, no person has been able to change the design or shape of a violin from the patterns laid out by Stradivarius and other famous violin masters of the 16th century, either to improve it or take away from it.

After deciding upon the pattern one wants to follow, there are a number of things to take into consideration. One is the size. While some violins are a little larger than others, most contain an air space of 118.2 cubic inches, he stated.

One of the peculiar features of a well made violin is that they all have the same tone qualities if they have been made right.

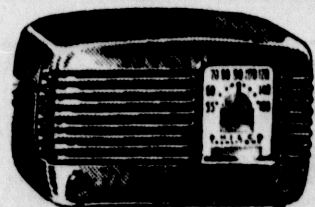

The pursuit of a hobby, after a man has been forced to retire from active life, gives him new interest, he states, and beyond a doubt prolongs a man's life.

The AFA has announced that five top technologists will present up-to-the-minute data on quality control test procedures, methods for achieving and maintaining the uniformly high quality in casting demanded by today's market.

The meeting, which begins May 3 and lasts for four days, will be the 52nd annual session.

Blakley is now at home on 12 day leave.

Lower Standards Swell Navy Ranks

Chief Machinist's Mate S. E. Bond of the New Castle navy recruiting sub-station announces that 462 young men have taken advantage of the navy's new lower physical requirements, in the Pittsburgh district, during the month of March.

Chief Bond adds that the surge in enlistments is largely due to the Navy Department's directive, whereby there is "no teeth requirements" for entrance into the naval service.

The eye requirements have also been drastically reduced. Now the only requirement in this respect is that the applicant be able to see 20/20 unaided by glasses and 20/20 with glasses.

CIO Delegates Open Convention In Philadelphia

PHILADELPHIA, April 20.—(INS)—Some 1000 CIO members convened in Philadelphia today for the opening of the four-day 11th annual convention of the Pennsylvania Industrial Union Council.

The parley opened amid indications that a bitter fight looms over the election of the organization's vice president, with the sudden disclosure that a reported avowed Communist is a candidate.

Discuss Problem

The 11-man executive board discussed the problem last night at a pre-convention meeting when they learned that David Davis, business manager of Local 153, of the United Electrical Workers, would run.

The board unanimously adopted a resolution supporting the Marshall Plan. President Harry Boyer, of Reading, also won favor of his resolution opposing a third political party in the state.

The delegates, representing some 600,000 CIO members in Pennsylvania, will also pass on about 75 other resolutions, including those on anti-labor injunctions, workmen's compensation, cost-of-living wages and Communist influence.

Youthful Beer Drinker Fined

BELLEfonte, Pa., April 20.—(INS)—Donald I. Cope of Berwick, a 20-year-old student at Pennsylvania State college, was fined \$50 and costs Monday at Bellefonte for misrepresenting his age when purchasing beer at State College.

Judge Ivan Walker sentenced the youth, who pleaded guilty, under a new act of the legislature which makes purchasers under 21 years of age equally responsible with taproom owners making the illegal sales. Police Chief John R. Juba was prosecutor.

JOYCE WEHMAN WEDS IRA D. SHELLHAMMER

At a candlelight service in the Third U. P. church before an altar banked with vases of white gladiolus, white snapdragons and lilies against a background of palms and ferns, Miss Joyce Hope Wehman, daughter of Mr. and Mrs. Jesse R. Wehman, of 1034 Maryland avenue, became the bride of Ira Dale Shellhammer, son of Mr. and Mrs. H. Shellhammer, of 309 East Winter avenue, on April 17 at 2:30 o'clock in the afternoon. Dr. J. Paul Graham officiated at the double ring service.

The bride given in marriage by her father, wore a gown of imported brocade marquisette fashioned colonial style with a net yoke, puff sleeves, and a sweeping circular train. Her double circular veil fingertip length, fell from a crown of seed pearls and she carried a white Bible with a marker of white orchids and ribbon streamers. She carried a handkerchief as the traditional "something old" and wore a diamond and cameo necklace of her mother's as her only jewelry.

Mrs. Ellis Kagarise as her sister's matron of honor, wore a gown of blue taffeta and marquisette with a flower headband and carried a colonial bouquet of spring flowers with pink streamers. Miss Erma Jean Shellhammer, the groom's sister, wore a gown of pink taffeta and marquisette, a flower headband and colonial bouquet with blue streamers.

L. A. Kennedy served the groom as best man and ushers were Larry Friday, of Ellwood City, and McKee Patterson, of Apollo.

As soloist Roy Meehan, Jr., of Ellwood City, sang "Through the Years," "Because" and "The Pledge." Miss Irene Rotner was at the organ.

Following the ceremony there was a reception for 100 guests in the church dining room, where the bride's table was decorated with bouquets of pink and white flowers, white candles and a four-tiered wedding cake.

The newlyweds left by car on a trip to an undisclosed destination and upon their return will be at home after April 24 in their newly furnished apartment at 917 Lorain avenue.

Mrs. Shellhammer, a graduate of New Castle high school, is employed in the inventory department of the Johnson Bronze offices and Mr. Shellhammer, a graduate of Apollo high school, is a pattern maker at the United Engineering & Foundry Company.

DAYLIGHT SAVINGS TIME

Remember last year when practically all of our neighboring communities and the great majority of cities in Pennsylvania observed Daylight Savings Time? Remember the confusion we had because New Castle was on Slow Time (Eastern Standard Time)? It was a great handicap to men working out of town, particularly those with families. It created a different time schedule in every home. It greatly inconvenienced commuting students.

This year we can end confusion if the greater number of our citizens VOTE "YES" for Daylight Savings time, which would start about June 1st and continue for three months.

Let's all get out and vote, and VOTE "YES" for Daylight Savings Time!

Wampum Juniors Rehearse Play

High School Class To Present
'Strictly Confidential' Evening Of April 27

On Tuesday, April 27, the Junior Class of Wampum high school, will present the play, "Strictly Confidential," by J. Vincent Barrett.

Bill Rowland likes his home, his family, his mother, and his law practice; but he simply cannot stand his cook, Mrs. Weatherby-Gall, who runs the household with a high hand. And now another troublesome person comes to spend the summer. This is Janie, his sister-in-law, who loves to listen in on telephone conversations and open other people's mail. Janie, naturally, pokes into one too many letters, and almost breaks up a big business deal, a happy marriage, and an underhanded plot. She is forgiven for the first two because of her success in the third.

These are only the highlights of the story which is a merry, mad mixup of misunderstanding and surprises.

The part of the cook is taken by Sarah Crane, who is employed by Mr. and Mrs. Rowland, Jack Butler and Jean Schmid. Janie is Elsie Sbarro who tells the secret to the Dowlings, played by Janet Pozzuto and Robert Krosowic. The boy friend is Francis Capalbo; the wealthy aunt, Jane Davis, an eccentric spinster, Martin Schotsch; the college friend, Don King; the understanding mother, Jean McQuiston.

The whole cast is working diligently to present a fine performance on Tuesday at 8 p. m. in the school auditorium.

Car Manufacturer Say Women Better Drivers Than Men

CINCINNATI, April 20.—(INS)—Pennsylvania's 540,000 female drivers can be sure at least one man believes women are better drivers than men.

Powel Crosley Jr., pioneer manufacturer of lightweight cars, says "inherent caution and keen reflexes tend to keep women out of serious trouble and puts less wear and tear on the cars they drive."

Crosley cited a test now being sponsored by Connecticut safety officials to determine why the state's 100 worst drivers are that way. Only two of the hundred are women.

Although distaff drivers roll up less mileage than men and are outnumbered by seven to one, Crosley pointed out that women also are involved in less than one-seventh of traffic accidents.

SCHOOL LIGHTING

When folks are thinking about football seats and field lighting, we have a good opportunity to remind them of a related interest in good classroom lighting.

To mention that lamps totaling several hundred candle power are used is likely to give the impression that good lighting is provided. However, the brightness of lighting on a work surface is what counts. Window area, blinds, wall paint, and direction of exposure are factors that must be considered.

Provision is made to supplement natural lighting with electric lamps.

and it is in this respect that survey should be made. We are told that in one of the newer buildings of our school system, 150 watt lamps have been standard for classroom use for over 20 years. Surely there would be a change in modern minimum requirements were met. Community interest is in order.

Compensation Law Amendment Aids World War Vets

Pennsylvania veterans of World War II who were in business and giving employment subject to the Pennsylvania unemployment compensation law prior to or after September 16, 1940, who were forced

to close their business and cease giving employment during their military service, may now qualify for an employer's reduced experience rate, bureau officials pointed out today.

The Pennsylvania legislature amended the Pennsylvania unemployment compensation law effective January 1, 1948, as follows: "An employer who shall have served in the active military or naval service of the United States at any time after the 16th day of September, 1940, and prior to the termination of the present war, whose discharge or release was for reasons other than dishonorable, shall be deemed to have paid contributions under the act for the years in which military service occurred, provided that he actually paid contributions for one or more quarters in either calendar year of induction or in the immediately preceding calendar year."

Employer veterans who do not receive a reduced rate for 1948, and can qualify under the amendment, should immediately contact a representative of the field accounting service of the bureau at the nearest Pennsylvania State Employment Service office, 223 East Washington street, in order to procure appeal forms.

FOR ONE PENNY, YOU CAN

- Light a 100-watt bulb almost 3 hours, or
- run a radio for a whole evening, or
- have the correct time for about a week, or
- wash 3 full tubs of laundry.

It is, too, when you figure in time and energy and general wear-and-tear! As a matter of fact, one cent's worth of electricity will clean a large rug and 5 others like it in less time than it takes to drag them down to the yard for beating!

Electricity does dollar duty for penny prices, not only for rug-beating, but for countless other household tasks. It costs much more to make and deliver today, but the average family still gets twice as much electric service for its money as it got 20 years ago.

Yes, the cost of electricity is low—but not by accident. That's because you're using electricity for more and more tasks. Moreover, your friends and neighbors in this company—under sound business management—have used their skill and experience to make electricity the biggest bargain in your budget.

Find Dispute Blocks Action

Armed Service Heads Unable To Agree

WASHINGTON, April 20.—(INS)—A money dispute among the heads of the armed services blocked Senate committee action today on preparedness legislation requested by President Truman.

The House Armed Services committee is unaffected by the dispute, however, and is continuing hearings on draft legislation. Socialist Party leader Norman Thomas is scheduled as an opposition witness.

The Senate Armed Services committee recessed its study of the draft, universal military training and the question of air power expansion until it receives a report on military costs for the 1949 fiscal year from Defense Secretary Forrestal.

Sen. Gurney (R) S.D., chairman of the Senate unit, said the report has been delayed because the army, navy and air force have been unable to agree on money needs. He said that each of the three services wants more money for the year beginning July 1 than Forrestal estimates they should have.

Forrestal originally set last Wednesday as a deadline for agreement among the joint chiefs of staff on money requests. However, the deadline came and went without any approach to a solution of the dispute.

Gurney told reporters that Forrestal now "has advised us he is not ready to bring up a unified (funds) request and that he will not have it before this Wednesday and he isn't sure he will be able to bring it up even then."

Manufacture Census Now Being Conducted

J. C. Wachtman, executive vice president of the Greater New Castle Association, has been notified of the new census of manufacturers in the United States. This is the first census of its kind in eight years and for that reason the department of commerce wants to make it as complete as possible. The census is being conducted by mail. Manufacturers who do not receive questionnaires are asked to write to the Bureau of Census, Industry Division, Washington 25, D. C., giving their names and addresses. They should also describe their principal products so the department can send them the right form.

Gustafsons' Await Transportation To States From India

In a letter received by the Sunday school of the Alliance Gospel Tabernacle, 210 Pearson street, from Mrs. Carl Gustafson, missionary, Mehmabad, B.P. India, it is learned that Rev. and Mrs. Gustafson will leave for the United States as soon as transportation by boat is available.

The letter written on March 29, stated that the couple have been in correspondence with the shipping company, but have no definite sailing date and until that time arrives, they will remain at their mission post.

Mr. Gustafson, who had been seriously ill with a heart ailment, has definitely improved and is able to be about again. He was forced to take a complete rest following the severe heart attack that he suffered late last year.

Rev. and Mrs. Gustafson represent jointly the First Presbyterian church and the Alliance Gospel Tabernacle, 210 Pearson street. They have been in charge of a large boarding school for boys in India and teach the Gospel to the young men under their supervision.

VIOLATION BY NICARAGUA
WASHINGTON, April 20.—(INS)—The United States charged Monday that Nicaragua has intervened in the Costa Rican civil war and has sent its troops across the border of that nation.

In a protest to Nicaraguan Defense Minister Anastasio Somoza, the state department said that U. S. Ambassador Nathaniel P. Davis in San Jose, Costa Rica, confirmed the border violation.

Clean Streams Program Moves

Neighboring States Agree To Sign Pact Keeping Streams Clean

HARRISBURG, April 20.—(INS) Speedier completion of the state's clean streams program in Western Pennsylvania was foreseen today by the Sanitary Water Board in line with the pending Ohio River Valley compact.

Ratification of the compact by the West Virginia Assembly last month completed the agreement to abate pollution of the Ohio river and its tributaries. Other signatory states are Indiana, West Virginia, Ohio, New York, Illinois, and Kentucky. The pact will be signed formally June 30.

Pledge by States
"Under the compact, Pennsylvania can be assured that when abatement of pollution becomes a fact in this state the vast accomplishments through our own program will not be vitiated by pollution from beyond our jurisdiction," said Health Secretary Norris W. Vaux.

The agreement provides that each of the signatory states "pledge to each others faithful cooperation in the control of future pollution in an abatement of existing pollution" of streams in the Ohio river watershed, he explained.

Waterways over which the commission will have jurisdiction over in Pennsylvania are the Ohio, Allegheny, Monongahela and Youghiogheny rivers and Mahoning creek and their interstate tributaries.

Around Hollywood

By FRANK NEILL
(International News Service Staff Correspondent)

HOLLYWOOD, April 30.—Errol Flynn, once Hollywood's biggest wolf in sheep's clothing, has turned into a marriage little lamb.

The former man-about-town now is strictly a man-about-home. Only a few semesters ago Flynn was helping pay off the mortgage of most of the better nightclubs.

In the past year he has ordered his favorite sodapop in exactly three movietown watering spas.

He goes out to private parties about as often. Errol Explains Flynn explained today between scenes at Warner Brothers where he is starring in "Adventures of Don Juan":

"It simply isn't worth the trouble. There are so many more pleasant ways to spend your time than indulging in night life."

The actor gradually quit hitting the night spots, and vice-versa, after he married Nora Eddington in 1943.

Miss Eddington, daughter of a former deputy sheriff, changed her name to Mrs. Flynn shortly after he was acquitted of statutory attack charges brought by a pair of "teen-agers."

Friends of the family say Nora reconverted the former playboy so well that he actually hates appearing in public places.

Have Two Daughters
The blonde beauty is stacked up with charm and a sense of humor. She and Flynn have two daughters—Dierde, 3, and Rory, who was one year old last month.

Errol always has been a slambang sort of guy. He is an all-around athlete; so is Nora. They like to get away from it all aboard their large schooner, the "Zzaca".

But whether Flynn is on vacation or putting in a rough day's work on the sound stages, he now has one destination when the sun starts to set.

He goes home. **Recalls Egg**

Flynn recalled an episode in a night club several years ago, when he was still the gay young blade. A woman sitting at a nearby table grabbed a raw egg from a waiter's tray and busted the hen fruit over Flynn's noggin.

"When you get an egg at home," he said, "you get it on a plate—not on your head."

Another Jack Benny
Robert Ryan, whose early-age boxing instructions came in handy for his fight sequences in "Berlin Express", admitted today that he also took violin lessons at the age of eight. He said:

"I insisted on the former because of the latter."

District Meeting Of 'Y' Delegates

There will be a meeting of delegates of the central west district, Y.M.C.A., Thursday at Tarentum. Both the central and Shenango Street branches in New Castle will send representatives to the conference, it was announced today by Robert L. Meermans, general secretary.

During the meetings two of the local delegates will be elected members of the National Council to represent the city in this district.

Harold Trimble Rejoins U. S. Navy

Chief Machinist's Mate S. E. Bond of the New Castle Navy recruiting station announced today the reenlistment in the U. S. Navy of another war-time veteran New Castle man, Harold Wayne Trimble of 732 Oak street.

He has been transferred to the receiving station at the naval base, Philadelphia, Pa. for a refresher course in the duties of his rating prior to assignment to duty with the U. S. Fleet.

GOOD SEED IMPORTANT IN GROWING ANNUALS

Good seed purchased from reliable firms starts the flower gardener off to a successful season of growing annual flowering plants. The soil needs to be well pre-

pared with liberal use of well-rotted barnyard manure. Seeds must be sown thinly and not too deeply. Shade for the young plants can be provided by placing newspapers over them. Stones will hold the papers in place until the plants are tall enough to take care of themselves.

After the plants get a start they can be thinned to distances of 8 to 12 inches. They will require occasional cultivation. Pinching them back at the start induces bushiness and increases the number of blooms.

OUTDOOR FURNITURE CAN HAVE NEW LOOK

Give your porch and outdoor

furniture a new look this spring. Porch or outdoor furniture made of wicker, reed, or rattan can be refinished in its natural state or it can be painted. It is recommended that a good quality floor or furniture varnish be used in order to keep the natural finish on the furniture. Brush the varnish well into the cracks, but do not let it get so thick at the intersections of the chair that it can not dry thoroughly, because it will stick to clothes when it is used. Paint may be applied to outdoor furniture with a brush. However, spraying it on is easier and quicker.

If the canvas of your chairs or canvas umbrella used on the lawn has lost color from weathering, sun

and stains, it too can be painted. Bright colors may be used more lavishly outside than inside because of the spaciousness of the out-of-doors. Canvas paint, now available in stores, is prepared to give new life and color to lawn chairs, umbrellas, awnings, glider covers and anything made of canvas. This paint has proved successful for resurfacing all types of fiber glass or sisal rugs often used on porches. Use it according to the directions on the can. Canvas paint leaves the articles pliable, water-repellent, sunfast, and another feature is, it contains a mildew-killing agent.

Only Red Sox, A's Idle As '48 Season Starts In Two Loops

By LES CONKLIN

(International News Service Sports Writer)

NEW YORK, April 20.—(INS)—Baseball fans who believe in miracles had better take a good long look at the standing of the clubs today, because they will see three items there that their eyes may never witness again all season.

That would be the Cincinnati Reds in first place in the National League, the Philadelphia Athletics in first place in the Junior circuit, and the Boston Red Sox in the American league cellar.

All that may be changed by tonight after the other contenders stage their delayed inaugurals.

The weather forecast is generally favorable, although possible scattered showers are predicted for Chicago, Pittsburgh, Cleveland and New York.

In the Polo Grounds inaugural the New York Giants will start Larry Jensen, a 21-game winner last year, against fireballer Red Barney of Brooklyn, although Jensen never has been able to beat the Dodgers for some reason.

Sain Vs. Leonard
In other National League openings, Johnny Sain of the Boston Braves will oppose Dutch Leonard of the Phillies at Philadelphia. Russ Meyer of the Chicago Cubs will pitch against Rip Sewell at Pittsburgh; and Howard Fox, Cincinnati rookie, will be pitted against Murry Dickson of the Cardinals at St. Louis.

In the American League, it will be Hal Newhall of the Detroit Tigers against Joe Haynes of the White Sox at Chicago; Sad Sam Zolack of the St. Louis Browns against Bob Feller at Cleveland; and Ed Lopat of the New York Yankees against Sid Hudson at Washington.

The Red Sox and Athletics will be idle, and the Sox should welcome the rest because what hit them yesterday shouldn't happen to a couple of atom bombs.

All of Boston must be in mourning today, with the boastful back bayers going around mumbling that those two defeats by the lowly

War Vets Shine

Speaking of Bunker Hill, it was two war veterans who subdued the Sox. Phil Marchildon won the morning game, 5 to 4 in 11 innings, and Lou Brissie, Savannah recruit with a shattered leg, held the Sox to four hits in the nightcap and beat them 4 to 2.

The New York Yankees, co-favorites with the Red Sox for the American League pennant, got off to a running start on Boston by trouncing Washington, 12 to 4, thanks to a seven-run rally in the first inning when Tom Henrich and Pitcher Allie Reynolds hit home runs. Leon Culberson got four hits for the Nats.

Hank Sauer, who hit 50 homers and led the International League in almost everything last year, walloped a four-bagger as Cincinnati downed Pittsburgh, 4 to 1. Bobby Adams of the Reds also helped Pitcher Ewell Blackwell along with a homer.

Spotlight On Galaxy Of Stars As "Big Show" Opens

By LAWTON CARVER

(International News Service Sports Editor)

NEW YORK, April 20.—The 1948 baseball season was scheduled to get its formal and full-scale launching today with a dozen or so players sharing equally in what is generally known as the spotlight.

You can start with Bob Feller. The Cleveland Indians' famed devotee of the fire ball was the only man in the American League to win 20 games last season. He also struckout more hitters than any other pitcher. As he goes so go the Indians.

Ted Williams, of the Boston Red Sox, outstanding hitter and slugger in the American League last season, will be the big gun in Manager Joe McCarthy's attack. He will be further watched as a potential 400 hitter.

The New York Yankees offer some prize spot-lighters in Charlie Keller, back from a hospital siege; 34-year-old Joe DiMaggio who is ready for a fast start, and Ed Lopat, the Chicago

Bob Feller southpaw. Lopat is pennant insurance.

A's Have Brissie

The Philadelphia Athletics offer Lou Brissie, the shrapnel-scarred 24-year-old war veteran

who yesterday held the Red Sox to four hits as the A's swept a double header.

The entire squad of St. Louis Browns will be under the watchful gaze of the baseball populace for the reason that their club was dismantled for slightly less than a half million dollars and they are playing out the string with left-overs.

Over in the National League, everybody is watching Ewell Blackwell, the animated string bean of the Cincinnati Reds, who led the pitchers last season with 22 wins and eight defeats.

He beat the Pittsburgh Pirates, 4 to 1, in yesterday's opener, and another spotlight guy hitting cleanup for the Pirates moved into the spotlight. This gent is Dixie Walker, the ex-Dodger who laced Blackwell for a single and a triple.

Kiner One Of Best
Ralph Kiner of the Pirates tied Johnny Mize for home run honors last season and looms as one of the all-time great sluggers.

Up at Boston they will have their eyes on several players, including the hurling tandem of Spahn and Sain, winners of 21 each for the Braves last season, and Eddie Stanky, the former Dodger second-sacker, the former also Jeff Heath, the former A.L. outfielder, carrying on now for the Braves.

The Dodger will take the spotlight mainly through the antics of Leo Durocher, back as manager after a year at St. Helena.

That Philadelphia infield combination of shortstop Alvin Dark and second baseman Eddie Miller figures to make a few headlines, too, through the season. Dark is a rookie and Miller is with the Phils for the first time after being cast adrift by the Reds.

New York will steal into the act with its home run hitting, led by Mize, and the Cardinals offer a half dozen pitchers who approach greatness.

Aside from all of which there will be a lot of guys almost unheard of now, who will be in the middle of the act come next fall.

GROOM, TWENTY HORSES PERISH IN STABLE FIRE

PASCOAG, R. I., April 20. (INS)

An unidentified groom was burned to death today with twenty-four race horses, stabled at Pascoag race track, when fire swept three barns.

Three other horses were hit by automobiles and a fire engine and were destroyed.

The horses were stabled in the Pascoag barns because of lack of space at Lincoln Downs race track, where they had been racing. The fire in track has not been in use since its operators opened the Lincoln Downs.

Fire of undetermined origin broke out in one barn and spread quickly to the other two. Attendees released more than fifty horses but many became panic-stricken and ran back into the flaming buildings.

Chiefs Staging Daily Workouts

Joe Ford And Jackie McCullough Please Smith Very Much, Will Be Retained

General Manager George Smith, Playing Manager Bob Crow, and Owner John Gabri, are in charge of the 35-player squad of New Castle Chiefs of the Mid-Atlantic league as they stage daily workouts at the Deshon Annex field, starting at 11 o'clock and going through until around 3 o'clock.

The fans of New Castle, and vicinity are welcome to watch the squad go through their drills, of pepper games and batting practice. Deshon field is located back of the Armory building.

A new left-hander Vallencourt from Canada has been signed for the Chiefs. He is said to be a crack-jack and throws a fast one. Joe Ford of Ellwood City a big right-hander, in looking better every day according to Smith and will be one of the hurlers retained. Jackie McCullough of New Castle, an infielder is another local boy who has made the grade, according to Smith.

ARRANGE SOFTBALL GAME

Tempy's Beach and Shadyside Tigers of the city softball league will play an exhibition game tonight at Dean Park field at 5:30 o'clock.

Over 800 To Honor Chiefs

New Castle's last minute response to the testimonial banquet being sponsored by the Booster Club, has sent the ticket sales skyrocketing over the 800 mark for the big event at the Cathedral tomorrow evening.

The success of the first big venture by the Booster Club is thus assured, a final check of the tickets showed last evening at the Cathedral. It has not been an easy job that the Boosters undertook. It has required a lot of strenuous work to dispose of over 800 tickets, but it has been done.

Awalt Talk by Meyer
The banqueters are anxiously awaiting the appearance here of Manager Billy Meyer of the Pittsburgh Pirates, who will deliver his first talk as the Pirates manager in the home town of Attorney Tom Johnson, one of the Pirates owners.

SAINTS WILL DRILL
Manager Joe Hawley, of the St. Mary's team of the North County Baseball league has announced workouts for tonight, Thursday and Saturday at the Lee Avenue field at 5 o'clock. All players are to be prompt in reporting.

Elijah Doster Wins West Side Marbles Honors

Elijah Doster, age 13, of 1011 State street and a student at West Side school, has won the right to represent his school in the Optimist sponsored marbles tournament.

Elijah captured his title from among a field of 39 entrants and will advance to the county playoffs.

Bessemer Upsets Shenango, 8 To 0

Schaville hurled a very gratifying two-hitter Monday afternoon at the Bessemer High field, as the Cement Towners whitewashed the Shenango High Wildcats 8 to 0 in a Section 8 WPIAL game. Schaville had five strikeouts, and Rhodes the losing hurler had six fanning bees. Schaville besides hurling a swell game, contributed three of the Bessemer hits.

'A Date With Judy'

To Be Presented

Bessemer High School Junior Class

To Give Play At School

April 31

An evening of laughs and

humorous situations is promised

for the Junior class of Bessemer

high school for Friday, April 23,

when they present "A Date With Judy,"

a three-act comedy written by

Aileen Leslie adapted from the

popular program of the same name.

The play will be presented at 8

p. m. in the high school auditorium.

Mrs. Claire Alford and Miss Emily

Bingham are directing it.

Setting for the play is the

Foster living room in a mid-western

town, time, the present, and action

centers around Judy's efforts to be

queer at a dance sponsored by her

club.

Judy involves both her family

and friends in many hilarious situa-

tions. Eleanor Grist plays the

part of Judy Foster, a teen-age

girl who comes from a small town.

Foster's father, Monica Vrabel

is Doris Foster, her mother, Charles

Foster, Mary comedy writer, Barbara

Winickoff, a friend of Judy's, De-

Wid Martin plays Oogie Pringle,

the man in Judy's life; Doris San-

kovich is Mitzie Hoffman, another

friend of Judy's; Richard Perrott

Mary Bottenfield is Mrs. Hotch-

kins, the laundry woman; Violet

Rucinski is her daughter, Eloise

who elopes; Lola Davidson is

Mrs. Schulman of the P. T. A., and

Premo Domini is a Rexford Mer-

edith O'Connor, a new boy in town;

Nellie Mediate is Rexford's kid

sister, Susie, and Tony DeSantis is

the school announcer.

Bandanna, usually used as a

term for a cloth worn on the head

or around the shoulders, also re-

fers to a calico fabric with white

or colored spots on a red or dark

background. Its name comes from

the Indian word bandhu, for the

original method of dyeing the

cloth.
